RE: Backflow Assembly Test Due

Dear Water Customer,

Our records indicate the backflow prevention assembly(s) listed below is located at your property; **5 Star Catering 5640 188 St Surrey, BC V3S 4N5**. This assembly(s) must be tested and certified, per Provincial and local regulations, on or before the date(s) indicated. **It is important that you keep this letter and supply your backflow tester with your Customer Confirmation Number (CCN) (located at the top, right corner of this letter), as the CCN is needed for the tester to properly submit your test results.**

The assembly(s) listed below are due to be tested by: **August 11, 2018**

For your convenience, the name and contact information of your last tester of record (if available) is listed at the bottom of the page. A licensed and certified backflow assembly tester is required to perform the backflow prevention assembly test(s) and certification(s). Please provide your testing company with the CCN listed above. All test reports must be submitted via the BSI Online Backflow Tracking System. Your tester should be familiar with these procedures. All questions concerning the above requirements should be directed to Backflow Solutions, ULC, at 604-492-0163. Thank you for your cooperation, and for helping to protect the water resources we all share.

Sincerely,

For your convenience, your last testing company
